## Sonographer Position Available

**Hunter Radiology** is a locally owned and independent Radiology practice located in Hunter Street, Newcastle West and Lake Road, Glendale who pride themselves on providing a highly regarded diagnostic imaging service to patients in the Hunter Region.

Our Glendale practice is fitted out with the latest Toshiba Aplio 500 Platinum series ultrasound machines. Our Hunter Street practice at present has Philips iU22 ultrasound machines. Throughout the practice we are committed to providing up to date technology to encourage ongoing education.

The successful applicant should possess:

- Experience in general ultrasound, including breasts, obstetrics and gynaecology and limited vascular scanning
- Experience in Musculoskeletal studies preferred but a keen aptitude to learning MSK will be considered with on-site training.
- Current accreditation with ASAR and a commitment to self-motivated learning

At Hunter Radiology we are a busy practice but we ensure staff have adequate time to complete a comprehensive examination to provide quality care to our patients.

If you have good communication skills and a desire to work in a friendly, supportive and progressive environment then we would like to hear from you.
